EDUCATION

UNIVERSITY OF CALIFORNIA LOS ANGELES

Bachelor of Science in Statistics and Data Science, Mathematics Minor
GPA: 3.915

Los Angeles, CA

[Expected June 2025]

Relevant coursework: Computation and Optimization for Statistics, Design and Analysis of Experiment + Regression, Statistical Programming with R, Microeconomics, Macroeconomics

Activities: DataFest 2024, National Student Data Corps, Daily Bruin, Rotaract Club, Korean Culture Night

Skills: R, Rstudio, Google Workspace, Microsoft Office, LaTeX, Tableau, SQL, Python

PROJECTS

DATAFEST 2024

[Spring 2024]

- Datafest is an annual competition where undergraduate students work in teams to analyze a large data set and communicate their insights.
- Tried to improve an online textbook designed for teaching statistics and data science by analyzing various data factors such as student engagement, scores, and performance.

NATIONAL STUDENT DATA CORPS

[Jan. 2024 - March 2024]

- Used Python to explore machine learning, image classification, and web scraping to classify images of different facial expressions.

BRUIN SPORTS ANALYTICS - DATA JOURNALISM

[Sept. 2023 - Dec. 2023]

- Cleaned and analyzed various NBA datasets to determine if there is a correlation between draft ranking and player performance using Google Sheets, Tableau, and R to display results.
- Summarized, simplified, and explained results in a published article.

DATALEARN

[Sept. 2023 - Dec. 2023]

- DataLearn is an 8 week long course through UCLA's DataRes that covers topics like Machine Learning and Python, SQL, and Tableau.
- Applied knowledge learned from DataLearn to examine breast cancer data for tumors and create a machine learning model that aims to predict whether patients have a malignant or benign tumor.
- Placed top 10% of the class.

EXPERIENCE

BARISTA

Mountain House, CA

THub

[Aug. 2022 - Sept. 2023]

- Accurately prepared drink orders in a fast-paced environment.
- Provided courteous and friendly customer service.
- Communicated effectively with team members to ensure efficiency and keen attention to detail.
- Trained new hires.

ACTIVITIES

CITIZENS LA CHURCH - COLLEGE MINISTRY TEAM

[Sept. 2023 - Present]

- Social media leader: manage social media platforms (Instagram, Linktree) such as creating graphics and keeping relevant links updated to keep members informed of upcoming events; communicate effectively with team to ensure posts are created and posted in a timely manner; assign tasks and due dates for graphic and content creation to team members
- Audio/visual team: create and manage Google slides, operate soundboard, communicate and work well with praise team and fellow team members to create optimal environment and ensure everything goes smoothly
